

# Understanding University

Acceptance Understanding Diversity Differences  
Developed by the creator of Project Understanding & Operation Connect

*It's an understanding experience*

February 2020

Understanding U is an entertaining, interactive, and educational way for students to learn about each other...from each other. Students attending Understanding "University" will join friends from throughout the area with the same goals...to gain understanding and promote acceptance of those who are different than themselves.

Students attend **FREE** of charge.

The project is directed at students in grades 4-6 for the Learning Track and 7-college for the Mentoring Track.

Students will spend the day making their way throughout the "University" experiencing a freedom to learn from a variety of circumstances. From the adaptive sports arena to our medical training center and school of international relations, students will have an opportunity to experience differences, focus on issues they deal with on a daily basis, and work together to develop solutions that our society can implement. The hands-on, interactive concept engages students, encouraging learning and questioning without intimidation.

## Special Areas of Support ...

There are many ways you can become involved with Understanding U. From cash and in-kind sponsorship, to volunteer supports **WE NEED YOU!** Together we can change our schools & communities!

### School Sponsorships
